

BusinessCall LiTE

NASHUA 

saving you time. saving you money. putting you first.

Introduction

At Nashua we look at every business's unique challenges and processes. We analyse them. We consider what systems you already have in place. And then we create an optimised integrated business solution that is specific to you. Time and money-saving services like BusinessCall LiTE are essential components that form part of our solution. We also provide Managed Document Services, Managed Print Services, the digitising of documents, PBX and other VoIP solutions. To learn more about how we can save your business time and money, give us the opportunity to put you first. It's our brand promise to you.

Solution overview

BusinessCall Lite is a voice solution ideally suited for small enterprises to reduce their monthly telecommunication costs.

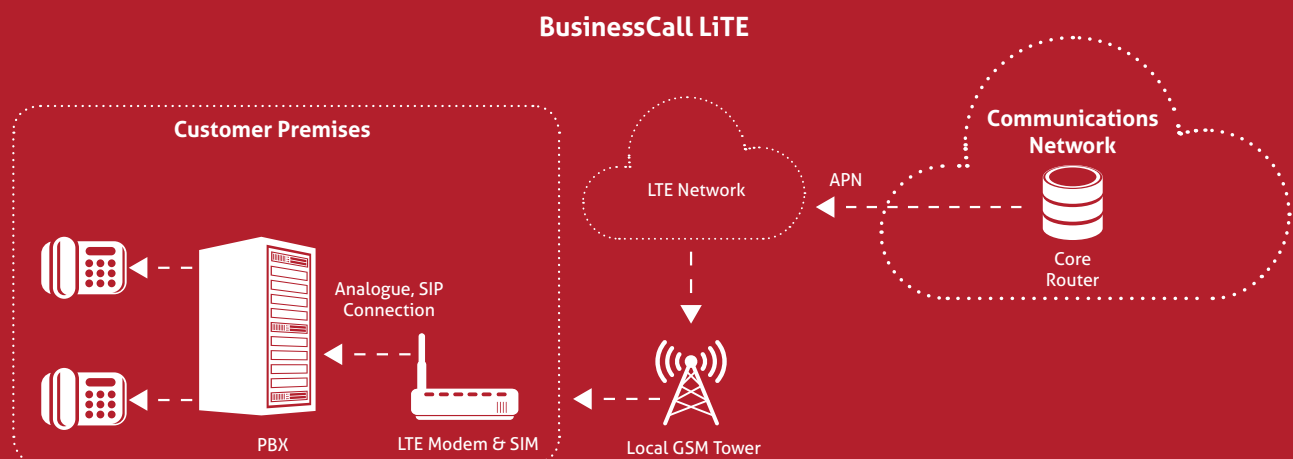

BusinessCall offers a low cost, high quality IP based voice telephony service that enables you to make and receive calls, to and from customers, partners and suppliers on their landlines or mobile phones, locally, nationally or internationally.

The solution integrates seamlessly with traditional, SIP enabled, Hosted and Virtual PBX's.
