

Environmental Policy Statement

As leader of office automation and supplier of printing devices, Nashua continually strives to reduce the impacts that its activities, products and services has on the environment. Our commitment to improving our environmental performance extends across our supply chain of goods and services.

At Nashua, we strive to reduce waste generation and improving process efficiency to continually drive our improvement cycle. Environmental performance and continual improvement will be driven by:

- Implementing and maintaining an Environmental Management system that ensures environmental control and pollution prevention.
- A commitment to comply with all legal and other requirements that pertain to Nashua (Pty) Ltd.
- Providing a framework for setting and achieving environmental objectives and targets, with specific reference to improved resource efficiency and waste reduction across all business activities.

Nashua Ltd. realises that protection of the environment is the responsibility of all Nashua employees and contractors.

At the highest level, Nashua remains committed to a management system that continually meets and exceeds environmental and quality performance criteria.
