NASHUA

saving you time. saving you money. putting you first.

Introduction

Nashua (Pty) Limited is not only a leading distributor of digital office automation and document output solutions in Southern Africa, but is also a leading provider in the marketplace in the Managed Document Solutions (MDS) field.

Nashua's MDS approach analyses an organisation's processes and document workflow. Working with Nashua can revolutionise the way your organisation manages information. Nashua's end goal is aimed at implementing work flow and information management solutions that reduce cost and complexity, thus improving operational effectiveness.

Companies that fully embrace the Nashua MDS measure can find that it serves as a potent catalyst for business and technology change. Greater enterprise value will accrue from enhanced controls, improved information quality and a more streamlined structure, thus resulting in huge cost savings and minimized complexities.

Nashua ProAct

Nashua ProAct is an innovative fleet management solution that helps Nashua to increase our office efficiency and productivity for all of our document output devices, through constant monitoring of your printers or MFP's. Nashua ProAct reports critical status and condition information to our technical data centers. Moreover this solution is provided to you at no cost as it allows us to deliver our best possible service!

So how does it work? Nashua ProAct collects data on an ongoing basis and delivers the information in the form of customisable statistics and analysis reports, thus assisting our service departments' efficient maintenance of your print infrastructure resulting in advanced performance levels. Meter readings are automatically synchronized with Nashua's ProAct server, eliminating manual capturing of the data while delivering increased billing accuracy. Lastly adaptive service management pro-actively manages your toner supplies, ensuring the right supplies are delivered to you at the right time without you having to lift a finger!

Speed, versatility, high productivity – all-in-one

If you need a fast, added-value office solution to improve productivity, the Aficio™MP 201SPF is the perfect answer. This device will satisfy all your multitasking needs with a choice of efficient copy, scan, print and fax functionality. Save time with a quick warm-up and speeds up to 20 ppm. Protect your sensitive data with the HDD option that includes a HDD encryption unit and robust data overwrite security features. The MP 201SPF is also compatible with our advanced workflow solutions, which are designed to optimise your document processes.

- Rapid output at up to 20 ppm.
- Cost and space-saving multifunctionality.
- Productive, eco-friendly technology saves energy.
- Compatible with advanced workflow solutions.
- Enhanced data security.

Easy to use & flexible

Do More In Less Space

You can choose to have all the functions you need in one compact device. The space-saving MFP packs its advanced copy, print, scan and fax technology into a very small footprint. This is an added benefit where space is limited, ensuring that you can enjoy advanced multitasking, even in the smallest office.

Improve Workgroup Productivity

The Aficio™ MP 201SPF is built for demanding office environments. They have a short warm-up, a fast first output of 7.5 seconds or less and speeds up to 20 ppm. These sturdy MFPs also feature robust, long-lasting parts to ensure maximum uptime. They offer a rapid, reliable turnaround that will save time and improve the productivity of your workgroups.

Ensure High Security

Our robust MFP security includes Network User Authentication and IP address filtering to keep your data safe. It ensures that distributing, printing and sharing information digitally does not threaten confidentiality. The HDD option features an Encryption Unit that encodes the data generated as it is written to the hard drive. This HDD option also includes Data Overwrite Security that guards against misuse of the MFP and possible information leaks.

Create Professional-Looking Documents

Get your business noticed. Create crisp, professional-looking documents using the power of standard genuine Postscript 3 – cost efficiently, in-house. The Aficio™MP 201SPF also offers colour scanning and can handle many different types of media. So you can capture virtually any kind of image and insert it into a variety of reports, newsletters and mailings. Then you can print your enhanced documents on the paper size and weight of your choice.

Think Green - Think Cost Efficiency

These energy-efficient MFPs are good news for your business and the environment. Double-sided printing with the standard duplex unit saves paper and power without loss of productivity. Our unique low energy toner production methods help reduce your carbon footprint. This means you use less energy to run these machines, which reduces the total cost of ownership and is 'greener' too.

Advanced Scanning And Faxing

The MP 201SPF is a breakthrough in document capture and delivery. Not only can it scan direct to email and network folders but also to an optional USB memory. In addition, you get state-of-the-art Super G3 faxing, Internet/IP fax and centralised LAN-Fax for your network users. It's an advanced package that will save you time, secure your communications, and greatly increase business productivity.

Ease of use

Our feature-rich MFP is easy to install and use. It connects seamlessly to your network, simplifying everyday tasks. The internal GW Controller takes care of processing all your documents ready for printing. All the MFP functions are easily accessible via a clear, 4 line control panel display. To save you more valuable time, we have ensured full front access for all regular maintenance.

MP201SPF

Main Specifications

GENERAL	
Warm-up time:	Less than 30 seconds
First output speed:	Less than 7.5 seconds
Memory:	Standard: 640 MB
Dimensions (W x D x H):	485x450x481mm
Weight:	Less than 29 kg (with ARDF)
Power source:	220-240V,50-60Hz
COPIER	
Copying process:	Laser beam scanning and electrophotographic printing
Multiple copying:	Up to 99 copies
Resolution:	600 dpi
Zoom:	50 - 200% (in 1% steps)
PRINTER	
RAM: Maximum:	640 MB + optional 80 GB Hard Disk Drive
Printer language:	Standard: PCL5e, PCL6, PostScript® 3™
Print resolution:	600 dpi
Interface:	Standard: Ethernet 10 base-T/100 base-TX, USB2.0 Option: IEEE 1284, Wireless LAN (IEEE 802.11a/b/g, WPA support), Gigabit Ethernet
Network protocol:	TCP/IP (IPv4, IPv6), IPX/SPX, Appletalk, SMB
Windows® environments:	Windows®2000/XP/Server 2003/Vista/Server
Mac OS environments:	2008, Macintosh 8.6 - 9.x (OS X Classic), Macintosh X v10.1 or later (native mode),
UNIX environments:	Sun® Solaris 2.6/7/8/9/10, HP-UX 10.x/11.x/11iv2/11iv3, RedHat® Linux 6.x/7.x/8.x/9.x/ Enterprise, SCO OpenServer 5.0.6/5.0.7/6.0, IBM® AIX v4.3/5L v5.1/5L v5.2/5L v5.3
Novell® Netware® environments:	Novell® Netware® 3.12/3.2/4.1/4.11/5.0/5.1/6.0/6.5
SCANNER	
Scanning speed:	Full colour: Maximum 10 originals per minute B/W: Maximum 22 originals per minute
Resolution:	Maximum 600 dpi (TWAIN: 100 - 600 dpi) Original size: A5 - A4
File format:	TIFF, PDF, JPEG
Original size:	A4, A5, B4, B5, B6
Bundled drivers:	Network TWAIN
Scan to:	E-mail, Folder

PAPER HANDLING	
Recommended paper size:	A5 - A4
Paper input capacity:	Maximum: 1,350 sheets
Paper output capacity:	Maximum: 250 sheets
Paper weight:	60 - 90 g/m ² 60 - 157 g/m ²
FAX	
Circuit:	PSTN, PBX
Compatibility:	ITU-T (CCITT) G3
Modem speed:	Maximum 33.6 Kbps
Scanning speed:	2 seconds
Memory capacity:	4 MB
Resolution:	200 x 100 - 200 dpi; 8 x 15.4 l/mm (send only)
ECOLOGY	
Power consumption:	Maximum: Less than 900 Watts
SOFTWARE	
Standard:	SmartDeviceMonitor, Web SmartDeviceMonitor®, Web Image Monitor, DeskTopBinder™ Lite
OPTIONS	
80 GB HDD, Wireless LAN, IEEE 1284, Data Overwrite Security Unit, HDD encryption unit, VM card, Scan to SD/USB, Gigabit Ethernet,
