NASHUA

saving you time. saving you money. putting you first.

Introduction

Nashua Limited is not only a leading distributor of digital office automation and document output solutions in Southern Africa, but is also a leading provider in the marketplace in the Managed Document Solutions (MDS) field.

Nashua's MDS approach analyses an organisation's processes and document workflow. Working with Nashua can revolutionise the way your organisation manages information. Nashua's end goal is aimed at implementing workflow and information management solutions that reduce cost and complexity, thus improving operational effectiveness.

Companies that fully embrace the Nashua MDS measure can find that it serves as a potent catalyst for business and technology change. Greater enterprise value will accrue from enhanced controls, improved information quality and a more streamlined structure, thus resulting in huge cost savings and minimized complexities.

Nashua ProAct

Nashua ProAct is an innovative fleet management solution that helps Nashua to increase our office efficiency and productivity for all of our document output devices, through constant monitoring of your printers or MFP's. Nashua ProAct reports critical status and condition information to our technical data centers. Moreover this solution is provided to you at no cost as it allows us to deliver our best possible service!

So how does it work? Nashua ProAct collects data on an ongoing basis and delivers the information in the form of customisable statistics and analysis reports, thus assisting our service departments' efficient maintenance of your print infrastructure resulting in advanced performance levels. Meter readings are automatically synchronized with Nashua's ProAct server, eliminating manual capturing of the data while delivering increased billing accuracy. Lastly adaptive service management proactively manages your toner supplies, ensuring the right supplies are delivered to you at the right time without you having to lift a finger!

Compact A4 colour MFPs to increase your productivity

Top performance, outstanding reliability, high productivity ... and exceptional value for money. That's what you get with the MP C401SP/MP C401SRSP, Nashua's compact A4 colour multifunctionals. But that's not all. You also get consistently high quality results, superior image quality and efficient finishing capabilities. Plus simple, intuitive operation, a low environmental impact, and a choice of two configurations. The MP C401SP/MP C401SRSP are therefore the obvious choice for offices where productivity, workflow, quality and cost-efficiency are high on the priority list.

- Time-saving: fast printing at 40 cpm
- Affordable: reduction of total costs
- Easy to use: large operating panel
- Highly versatile: compact internal finisher
- Long-lasting: long duty cycle

Unmatched performance with unrivalled ease of use

Highly productive and durable

The incredible speed and performance of the MP C401SP/MP C401SRSP mean that you no longer have to wait for your printouts. After warming up, the first B/W print is available only 5.4 seconds later (colour in 7.2 seconds). These devices then zoom along at a busy 40 pages per minute. They are also exceptionally durable, built to withstand a long lifetime of heavy duty use. Typical lifecycles are high, and the ARDF is solidly built for high reliability.

Advanced functionality to improve your workflow

Save time looking for documents by using the Searchable PDF function. You can even search for a document via a single word that appears in the text. Save paper and time by copying both sides of an ID card onto one side of paper with ID Card Copy. Utilise XPS media print to print documents based on Microsoft's new XML format directly from a USB slot or PC – without a driver.

Environmentally responsible

Overall energy consumption of the MP C401SP/MP C401SRSP is as low as possible to reduce environmental impact and your energy costs. Machines can spend up to 50% of their life in sleep mode, so power consumption during sleep mode has been cut to an all-time low. The power on/off setting further optimises electricity consumption. These MFPs print in duplex mode by default to save paper – animated indicators on the operating panel show you how much paper you are saving.

Easy to operate

The conventional large 9-inch display is familiar and easy to use. Another feature to improve usability is external USB keyboard support which enables easier and smoother typing.

MP C401SP/MP C401SRSP

Main Specifications

GENERAL	
Warm-up time:	46/46 seconds
First output speed:	Full colour: 7.2 seconds B/W: 5.4 seconds
Continuous output speed:	40 pages per minute
Memory:	Standard: 2 GB
HDD:	320 GB (Encryption/Data Overwrite Security unit)
Dimensions (W x D x H):	550 x 570 x 710 mm
Weight:	80/85/80/85 kg
Power source:	220 - 240 V, 50/60 Hz
COPIER	
Copying process:	Dry electrostatic transfer system
Multiple copying:	Up to 999 copies
Resolution:	600 x 600 dpi
Zoom:	From 25% to 400% in 1% steps
PRINTER	
Printer language:	Standard: PCL5c, PCL6, Adobe® PostScript® 3™, Mediaprint (JPEG/TIFF) Option: XPS
Print resolution:	1,200 x 1,200 dpi
Interface:	Standard: USB 2.0, SD slot, USB Host I/F, Ethernet 10 base-T/100 base-TX, Gigabit Ethernet Option: Wireless LAN (IEEE 802.11a/b/g/n), Bluetooth
Network protocol:	TCP/IP (IP v4, IP v6), Bonjour
Windows® environments:	Windows® XP, Windows® Vista, Windows® 7, Windows® 8, Windows® Server 2003, Windows® Server 2008, Windows® Server 2008R2, Windows® Server 2012
Mac OS environments:	Macintosh OS X Native v10.6 or later
UNIX environments:	UNIX Sun® Solaris: 2.9, 2.10 HP-UX: 11.x, 11i v2, 11i v3 SCO OpenServer: 5.0.6, 5.0.7, 6.0 RedHat® Linux Enterprise: 4, 5, 6 IBM® AIX: 5L v5.3, 5L v6.1, 5L v7.1
Novell® Netware® environments:	v6.5 or later (Option)
SAP® R/3® environments:	SAP® R/3 3.x® or later, mySAP ERP 2004 or later
SCANNER	
Scanning speed:	Maximum 30 originals per minute
Resolution:	Maximum: 600 dpi
Original size:	A4
Bundled drivers:	Network TWAIN
Scan to:	E-mail, Folder, USB, SD card

FAX (OPTION)	
Circuit:	Circuit:
Compatibility:	ITU-T (CCITT) G3, PSTN
Resolution:	8 x 3.85 line/mm, 100 x 200 dpi 8 x 7.7 line/mm, 200 x 200 dpi
Transmission speed:	G3: 2 second(s)
Modem speed:	Maximum: 33.6 Kbps
Scanning speed:	2 second(s)
Memory capacity:	Standard: 4 MB Maximum: 28 MB
PAPER HANDLING	
Recommended paper size:	Standard paper tray(s): A4, A5, A6, B5, B6 Bypass tray: A4, A5, A6, B5, B6
Paper input capacity:	Maximum: 2,300 sheets
Paper output capacity:	Maximum: 650 sheets
Paper weight:	Standard paper tray(s): 52 - 220 g/m ² Bypass tray: 52 - 256 g/m ²
ECOLOGY	
Power consumption:	Maximum: 1,570 W Ready mode: 202 W Low power mode: 106 W Sleep mode: 0.69 W TEC (Typical Electricity Consumption): 3,834/3,840 Wh
SOFTWARE	
Standard:	SmartDeviceMonitor, Web SmartDeviceMonitor®, Web Image Monitor
Optional:	Card Authentication Package, Unicode Font Package for SAP
OPTIONS	
1 x 550-sheet paper tray, 2 x 550-sheet paper tray, One-bin tray, Side tray, Credenza, Wireless LAN (IEEE 802.11a/b/g/n), Bluetooth, Netware, Pictbridge, Browser unit, Counter interface, File format converter, Data Overwrite Security Unit (Certified version), Copy Data Security Unit, Fax Connection Unit, Fax memory (32 MB), Fax option, OCR Unit	
CONSUMABLES	
Toner capacity:	Black: 10,000 prints Cyan: 10,000 prints Magenta: 10,000 prints Yellow: 10,000 prints
