NASHUA\\\\\\

saving you time. saving you money. putting you first.

Introduction

Nashua (Pty) Limited is not only a leading distributor of digital office automation and document output solutions in Southern Africa, but is also a leading provider in the marketplace in the Managed Document Solutions (MDS) field.

Nashua's MDS approach analyses an organisation's processes and document workflow. Working with Nashua can revolutionise the way your organisation manages information. Nashua's end goal is aimed at implementing workflow and information management solutions that reduce cost and complexity, thus improving operational effectiveness.

Companies that fully embrace the Nashua MDS measure can find that it serves as a potent catalyst for business and technology change. Greater enterprise value will accrue from enhanced controls, improved information quality and a more streamlined structure, thus resulting in huge cost savings and minimized complexities.

Nashua ProAct

Nashua ProAct is an innovative fleet management solution that helps Nashua to increase our office efficiency and productivity for all of our document output devices, through constant monitoring of your printers or MFP's. Nashua ProAct reports critical status and condition information to our technical data centers. Moreover this solution is provided to you at no cost as it allows us to deliver our best possible service!

So how does it work? Nashua ProAct collects data on an ongoing basis and delivers the information in the form of customisable statistics and analysis reports, thus assisting our service departments' efficient maintenance of your print infrastructure resulting in advanced performance levels. Meter readings are automatically synchronized with Nashua's ProAct server, eliminating manual capturing of the data while delivering increased billing accuracy. Lastly adaptive service management proactively manages your toner supplies, ensuring the right supplies are delivered to you at the right time without you having to lift a finger!

Simple operation with high productivity

Business today can be complex and challenging, but the MP C2011SP makes life in the office simple with high productivity features from an easy to operate MFP. Best in class performance is delivered from a compact device with a small footprint that still offers advanced features for multifunctional operations. This versatile MFP produces full colour A3 output with two paper drawers for large sheet capacity. Low energy usage also means that the MP C2011SP is economical to run and friendly to the environment, combining exceptional performance with an affordable price.

- Fast output at 20 prints per minute for increased productivity
- Scanning to a wide range of destinations for easy document distribution
- Media capacity up to 2,300 sheets delivers uninterrupted print runs
- Double sided output reduces paper usage and cuts costs

Unmatched performance with unrivalled ease of use

High productivity for workgroups

Choose the Nashua MP C2011SP to perform more tasks in less time. It offers exceptional recovery times so it's ready to work when you are. Auto Job Promotion prioritises jobs that are ready to print in the print queue and places them ahead of jobs that have been stopped due to errors and other reasons. Plus, the control panel offers animated, step-by-step guidance for easier, faster jam removal.

Advanced scanning functionality

The flexible Nashua MP C2011SP lets you share your best ideas in better ways. Sophisticated scanning features include scanning originals to media cards, email, folder and to other locations, so they can be shared with anyone and anywhere. Compress file sizes for full colour scans and send them easily without compromising image quality. Take advantage of Distributed Scan Management (DSM) which allows you to automate many scanning functions and to create a set of rules and improve productivity.

Strong environmental commitment

Make an impact with customers - and the environment. The MP C2011SP includes a host of features for an incredible low TEC value. It can be programmed to power on and off when not in use. It recovers from sleep mode with a fast, less than 8 second recovery time to preserve resources and productivity. The innovative PxP EQ toner melts at lower temperatures, requires less energy and minimises operating costs. Track your environmental goals with an eco-friendly screen that displays the percentage of double sided output, individual statistics as well as company wide use.

Versatile paper handling

Professional quality output is assured with outstanding image resolution at 1,200 x 1,200 dpi. Users can scan and copy two-sided documents, like identification cards, on a single sheet of paper. Paper weights of up to 300 g/m² (duplex weight: 169 g/m²) can be used and for long print runs the two paper drawers hold a maximum capacity of 2,300 sheets. It is even possible to feed envelopes from the second paper drawer.

MP C2011SP
Main Specifications

GENERAL

Warm-up time:	19 seconds
First output speed:	Full colour: 7.7 seconds B/W: 5.5 seconds
Continuous output speed:	Full colour: 20 pages per minute B/W: 20 pages per minute
Memory:	Standard: 1.5 GB Maximum: 1.5 GB
HDD:	250 GB
Dimensions (W x D x H):	587 x 685 x 913 mm
Weight:	81 kg
Power source:	220 - 240 V, 50/60 Hz

COPIER

Copying process:	Dry Electrostatic Transfer System with Dual component Development: 4-Drum method
Multiple copying:	Up to 999 copies
Resolution:	600 dpi
Zoom:	From 25% to 400% in 1% steps

PRINTER

Printer language:	Standard: PCL5e, PCL6(XL), PDF direct print, Mediaprint (JPEG/TIFF) Option: Adobe® PostScript® 3™, PictBridge
Print resolution:	Maximum (1,200 x 1,200 dpi)
Interface:	Standard: USB 2.0, SD slot, Ethernet 10 base-T/100 base-TX, Ethernet 1000 Base-T Option: Wireless LAN (IEEE 802.11a/b/g/n)
Network protocol:	TCP/IP (IP v4, IP v6)
Windows® environments:	Windows® XP, Windows® Vista, Windows® 7, Windows® 8, Windows® Server 2003, Windows® Server 2003R2, Windows® Server 2008, Windows® Server 2008R2, Windows® Server 2012
Mac OS environments:	Macintosh OS X Native v10.5 or later
UNIX environments:	UNIX Sun® Solaris, HP-UX, SCO OpenServer, RedHat® Linux Enterprise, IBM® AIX
Novell® Netware® environments:	v6.5 or later
SAP® R/3® environments:	SAP® R/3®

SCANNER

Scanning speed:	Maximum 54 originals per minute
Resolution:	Maximum: 600 dpi
Original size:	A3, A4, A5, B4, B5, B6
Bundled drivers:	Network TWAIN
Scan to:	E-mail, Folder, USB, SD card

PAPER HANDLING

Recommended paper size:	Standard paper tray(s): A3, A4, A5, A6, B4, B5, B6
Paper input capacity:	Maximum: 2,300 sheets
Paper output capacity:	Maximum: 500 sheets
Paper weight:	52 - 300 g/m²

ECOLOGY

Power consumption:	Maximum: 1,700 W Ready mode: 56.6 W Sleep mode: 0.59 W TEC (Typical Electricity Consumption): 0.7 kWh

SOFTWARE

Standard:	SmartDeviceMonitor, Web SmartDeviceMonitor®, Web Image Monitor
Optional:	Card Authentication Package, Enhanced Locked Print, Unicode Font Package for SAP

OPTIONS

ADF handle, 1 x 550-sheet paper tray, 2 x 550-sheet paper tray, Wireless LAN (IEEE 802.11a/b/g/n), Counter interface, File format converter, Key counter bracket, Copy Data Security Unit, SRA3 unit, Keyboard bracket

For availability of models, options and software, please consult your local Nashua supplier.

ISO9001 certified. Please note that the device you receive when ordering may vary from product images depicted herein. Certain features are additional options and are not included in the base price.
