NASHUA\\\\

saving you time. saving you money. putting you first.

Introduction

At Nashua we look at every business's unique challenges and processes. We analyse them. We consider what systems you already have in place. And then we create an optimized integrated business solution that is specific to you. Time and money-saving hardware like the MP 401SPF is an essential component that forms a part of our solution. We also provide Managed Document Services, Managed Print Services, the digitising of documents, PBX and VoIP solutions. To learn more about how we can save your business time and money, give us the opportunity to put you first. It's our brand promise to you.

Nashua ProAct

Nashua ProAct is an innovative fleet management solution that helps Nashua to increase our office efficiency and productivity for all of our document output devices, through constant monitoring of your printers or MFP's. Nashua ProAct reports critical status and condition information to our technical data centres. Moreover, this solution is provided to you at no cost as it allows us to deliver our best possible service.

So how does it work? Nashua ProAct collects data on an ongoing basis and delivers the information in the form of customisable statistics and analysis reports, thus assisting our service departments' efficient maintenance of your print infrastructure resulting in advanced performance levels. Meter readings are automatically synchronised with Nashua's ProAct server, eliminating manual capturing of the data while delivering increased billing accuracy. Lastly, adaptive service management pro-actively manages your toner supplies, ensuring the right supplies are delivered to you at the right time without you having to lift a finger.

Compact, powerful and amazing value

The MP 401SPF is designed with small to medium-sized workgroups in mind. Its high performance, compact and powerful features mean this A4 black and white MFP gives you the best cost per page value available in its class – and this is combined with superior energy efficiency too. You can print up to 40 black-and-white pages per minute from this multifunction device as well as copy, scan, and fax. In fact, you'll be amazed by how much you can do with this compact and affordable device.

- Perfect for a small/medium workgroups
- Save money with low Total Cost of Ownership
- Easy-to-use 4.3 inch colour touch panel
- Offers 1200 x 1200dpi at full speed

Small footprint. Big output.

Perfectly proportioned

This capable and quiet device can handle a small to medium-sized workgroup's complete workflow, while offering the smallest footprint in its range. So you can put it in a corner, or on a desk, and the only thing you'll notice is its stunning capabilities.

The highest quality output everytime

With 1200 x 1200dpi at full speed, this MFP saves time without compromising on quality. And, you can even print direct from portable media: simply insert a USB memory stick or a SD card and print without a PC or a network connection. Or, use your smartphone or tablet to print without the need for additional software or drivers for fast output on the go.

Minimize energy consumption and operating costs

Choose this Nashua series for low cost-per-page and best in class Typical Electricity Consumption (TEC) values that help support your budgetary needs and sustainability goals. With a shorter print/copy time from sleep mode, this Nashua series keeps up with today's fast-paced businesses. You can program the device to power on or off during specified times to conserve energy for even greater savings. Automatic and fast double-sided printing is standard to save time, paper and cost. Plus, the device is certified with the latest ENERGY STARv2.0 specifications.

Customize workflows to simplify your work

You can customize these MFPs to meet your specific needs! Personalize the home screen with icons to access frequently used tasks with one single touch.

Intelligent compact design

The MP 401SPF has a smaller footprint than comparable MFPs. The simple and intelligent cube design optimises desktop workspace. The dual-colour design concept promotes intuitive usability.
